SKYWORKS PLANETARIUM INCURSION STAGE 2 & STAGE 3

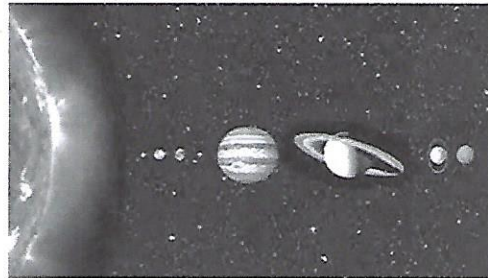

Dear Parents/ Caregivers,

During this term Stage 2 and Stage 3 have been learning about Earth's Place in Space during their Science lessons. To assist students in developing a better understanding of the topic, students will be attending the Skyworks Planetarium hosted in our school hall to enhance knowledge and understanding of the scientific concepts related to night and day, rotation and orbits which will be demonstrated in a practical way that is often difficult to convey in a regular classroom setting. These basic concepts are extended upon with age appropriate insights into moon phases, stars and planets, constellations and more.

Venue	School Hall - A planetarium dome will be assembled	Date	Tuesday 5th March, 2024
Cost	\$10.00 (Non-refundable)		

We hope that all children will be attending the incursion. Please return the below permission slip signed with payment to the front office by Monday 4th March, 2024.
