## World Autism Awareness Day 2024 Fundraising Event

Dear Parents and Carers,

Autism is a lifelong developmental condition, which affects how people communicate and relate to the world around them. This can affect how they talk to others and deal with sights, sounds and changes in their environment. Building awareness allows students to learn about and celebrate the unique talents of those with autism, to embrace difference and to encourage a more inclusive world.

World Autism Awareness Day  
VNPS SU  
2024

On Tuesday, 9th April, 2024 Villawood North will be celebrating World Autism Awareness Day and fundraising for sensory resources to support students in the Support Unit and mainstream classes at VNPS. Throughout the day, classes will learn about autism and complete various activities to build on their knowledge.

The theme for World Autism Awareness Day is **Colour**. Students and staff will be invited to dress in **colourful** clothing, hair or socks for a gold coin donation. We look forward to seeing Villawood North share the **Colour**.
